GitHub: github.com/Hasith789
Email: muhasith589@gmail.com
Mobile: +91-9347377834

Skills

- **Languages**: C++, C, Java, Python
- **Frameworks**: NumPy, Pandas, Seaborn, Matplotlib, Scikit-learn
- **Tools/Platforms**: MySQL, Excel, Power BI
- **Soft Skills**: Adaptability, Problem-Solving, Communication, Team Collaboration
- **Web Technologies**: HTML, CSS

Projects

Exam Preparation Chatbot | GitHub | Link May 2025

- Developed an LLM Based AI-powered **exam preparation chatbot** using Python and Streamlit to automate doubt resolution, note summarization, and practice question generation
- Implemented modules for **LLM-based question answering**, automated text summarization, **flashcard generation**, and practice quiz creation to support efficient exam revision
- Integrated **API-based AI services** to enhance learning workflows and improve knowledge retrieval and study efficiency for exam preparation

Tech/Tools: Python, Streamlit, APIs

Diwali Sales Analysis | GitHub February 2025

- Performed **Exploratory Data Analysis (EDA**) on Diwali sales data using Python, Pandas, and NumPy to identify customer purchasing behavior and sales trends
- Conducted **data cleaning, data preprocessing, and statistical analysis** to evaluate customer demographics, product category performance, and regional sales patterns.
- Created **data visualizations** and analytical reports using Matplotlib and Seaborn to uncover key insights including high-value customer segments and top-performing product categories

Tech/Tools: Python, Pandas, NumPy, Matplotlib, Seaborn, Jupyter Notebook

Summer Training

Hands on approach to Data Science | Lovely Professional University | GitHub July 2025

- Applied **data science and machine learning** techniques to develop an end-to-end California House Price Prediction model
- Performed data preprocessing, **feature engineering, and exploratory data analysis (EDA)** to identify key housing price factors
- Built and evaluated **machine learning regression models** using Scikit-learn to predict housing prices
- Developed interactive Power BI **dashboards** to visualize housing trends and support data-driven decision making

Tech/Tools: Power BI, Python, Pandas, NumPy, Scikit-learn, Matplotlib

Certifications

- SQL Certificate| Hacker Rank | Link — June 2025
- Data Analytics Job Simulation | Deloitte | Link — June 2025
- Cloud Computing | NPTEL | Link — April 2025
- Computer Communications | Coursera | Link — November 2024

Achievements

Qualified in Gate 2026

- **Qualified GATE 2026** in Computer Science and Engineering (CSE)

Extra-Curricular Activities

Code-A-Haunt | Link February 2025

- Participated in a 24-hour coding hackathon, collaborating in a team to solve real-world programming challenges and develop innovative technical solutions

Education

- **Lovely Professional University** — Punjab, India
  Bachelor of Technology - Computer Science and Engineering; CGPA:7.93 — Since August 2023
- **Sri Chaitanya Junior College** — Eluru, Andhra Pradesh
  Intermediate; Percentage: 95 — April 2021 – March 2023
- **Baba High School** — Dharmajigudem, Andhra Pradesh
  Matriculation; Percentage: 98 — April 2019 – March 2021
